International Conference 3D Printing and Sustainability

6 June 2018, 11.00 - 16.00h

Venue: De Jutter (Lutinelaan 3, 8899 BD, Vlieland, Netherlands)

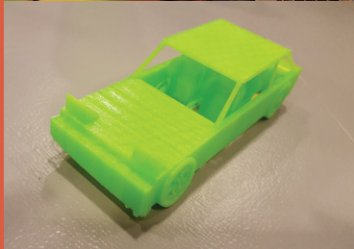

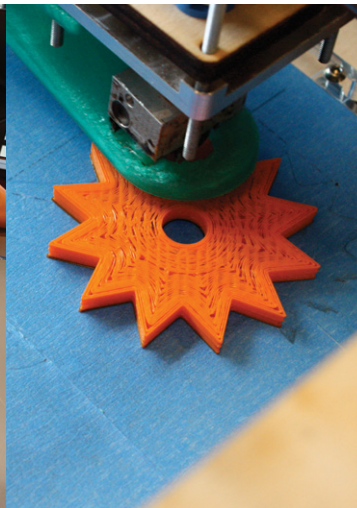

Closing conference of the Erasmus+ project "3D Education": an educational project on how to use 3D thinking and 3D printing technology in the classroom.

Come and learn from our international group about what we have achieved – and try out some things yourself!

Contribution by: Jonathan Keep, Eileen Blackmore, Perpetual Plastic, Omrin, Energie Coöperatie Vlieland and more to come.

*It is not all about plastic! (Ceramics, chocolate etc)
It is about re-cycling!*

Our students have become the experts. They can show you how to design and print in 3D.
